DESIGN - N - Next Steps

OPENING

- Recap: Roadmap to DESIGN — We are seeking God for a ministry **destination** that is based on HIS calling, and along the way we want our **Spiritual Gifts** to sharpen for the task, and our **experiences** to find their place in God's story. We want to submit our **individual style** to God for him to direct it appropriately. In order to do that, we need to admit where we are in our Spiritual **growth** (without feeling condemnation). So, what is our **next step**?

Next Steps

- What feeling do you get when you think about the last two seasons of CEA?
- Ephesians 4:12 // you're called to the work of ministry
 - Where is God calling you to in ministry?
 - How do your Spiritual Gifts align with that destination?
 - What do you need to get your gifts "sharp" for the destination?
 - Where are you at with your experiences?
 - Is there anything still "haunting you?"
 - Is there sin that you haven't let go of?
 - Can you distinguish sin from the way of Jesus?
 - Is there a person in your life you still have something unresolved with?
 - How well do you know yourself and how you're wired?
 - Do you spend more time dwelling on how you're wired than who it is that wired you?
 - Is there an area of ministry you have disqualified yourself from? Is there an area of ministry you have relegated yourself to?
 - What are you doing to strengthen your strengths?
 - Do you know where you are at Spiritually?
 - What stands between where you are and where you want to be?
 - What is your plan for getting to where you want to be?
 - What is your next step?
 - What's the first step? When are you going to get there?
